OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Dated the 24th November 1948.

PRESS NOTE.

(Yarn Distribution.)

Certain articles had appeared in some of the Local Newspapers relating to inadequate and untimely distribution of yarn. The following Press Note is issued for the information of the public as regards the actual position.

Yarn is being allotted to the State as per the All India Yarn Distribution Scheme and the State gets from local mills and mills situated outside State about 1,500 bales per mensem, out of which 600 (six hundred) bales are allotted to power loom factories and the rest to hand-loom industry.

Power-loom factories receive their monthly quotas at 18 bundles per loom per mensem direct from the wholesale dealers to whom they are attached. As regards the hand-loom weavers, a portion of yarn allotted to Textile Department for distribution to weavers through Government Yarn Depots. The remaining quantity of yarn assigned to hand-loom industry is arranged to be distributed through retail yarn dealers and societies.

In all the districts, other than Bangalore District where distribution is arranged directly by this office, the Deputy Commissioners concerned are allotted a monthly quota and they issue permits to the retail dealers as per their previously fixed quota for being distributed to the hand-loom weavers attached to them. A cross section of counts that would be received towards the State quota is being allotted to each district and the Deputy Commissioners allot the required counts to the retailers considering the needs of each locality as was being done during previous control period.

As regards supply of yarn, three allotments have been made since the re-imposition of Controls. Each allotment is equal to 75 per cent of the monthly allotment made during the previous Control. The reduction is due to non-receipt of allotted yarn in time from mills outside the State and partly due to the reduced allotment towards the State quota by the Textile Commissioner, Bombay.

In almost all the districts the three quotas have been distributed to the hand-loom weavers by the Deputy Commissioners concerned. Thus every effort is being directed towards equitable distribution of yarn to hand-loom weavers in the State. The question of obtaining increased quota of yarn to the State is under correspondence with the Textile Commissioner, Bombay.
